SEVERAL FLOWER SHOWS WILL BEAUTIFY NEWPORT'S SEASON

Newport, R. I., March 13.—The Newport Garden Club, since it was organized a couple of years ago from the membership of the summer colonists, has done a great deal to promote interest in things horticultural, not only among the summer colony, but also throughout the city in general. By the holding of frequent exhibits and lectures in conjunction with the Newport Horticultural Society, the Garden Club has carried on a very successful educational work. This is not to be stopped, but, instead, plans are being made by Mrs. Charles F. Hoffman and the other officers of the club for a series of lectures during the coming summer. It was also announced during the week that the club and the Horticultural Society had decided upon the dates of August 12, 13 and 14 as the summer. It was also announced during the week that the club and the Horticultural Society had decided upon the dates of August 12, 13 and 14 as the ones for the midsummer flower show. Where it is to be held has not been decided, though last summer this show, which was a big success, was held on the lawn of Mrs. O. H. P. Belmont's Belcourt property, on lower Bellevue Avenue. Under the auspices of the Garden Club, there has been held during they products of home gardens, and there were many entries. The club and the Horticultural Society will also co-operate in other flower schok, open exhibitions that are to be held in Newport this summer. The Horticultural Society has its early summer exhibition under way, and the American Sweepea Society is to have its annual meeting and exhibit here later in the year. With all these flower shows on the programme, it will be a floral season this year.

Ormond Beach, Fla., March 12.— While Ormond has been unusually gay the last week and much general enter. taining has been going on, the chief event was the illustrated lecture on "A Flamingo City in the Bahamas," by Frank M. Chapman, in aid of the Belgian Baby Relief Fund, which was given in the Ormond Casino on Thursday evening. Mr. Chapman is curator of the American Museum in New York City. He has written some well known books on birds, and is considered the books on birds, and is considered the highest authority on birds and their habitats in America. The Ormond Casino was crowded. When the lecture began there was only standing room. Mr. Chapman was introduced to the audience in a few graceful and fitting words by Mrs. Frances Cleweland Preston. Mr. Chapman has a very pleasant, conversational voice, and the lecture was most interesting and instructive. John D. Rockefeller and a party of friends were in the audience, as also of friends were in the audience, as also was George Shiras, 3d, of Washington, who had accompanied Mr. Chapman on

In actual play it worked out as follows: East led the queen of spades, South refusing to cover. The five of spades followed, South playing the eight and dummy winning with the nine and leading the ace, taking South's king. The jack of hearts then led took North's king, East ruffing with the six. East's deuce of spades, which he held up, put dummy in with the four, and the winning heart gave East a discard of the losing diamond.

As to be seen, East and West, with four-odd went game on the hand, but the opportunity should not have been open for them to have done so. South's diamond lead was very weak. He should have realized his king of spades was doomed to capture and gracefully bowed to the inevitable, leading the suit.
